

MIDWIFERY REGULATORY COUNCIL OF NOVA SCOTIA

POLICY ON REGISTRATION WITH MEDAVIE BLUE CROSS

Registered midwives with Active-Practising (Clinical) or Provisional (Clinical) licences must complete the standard application form as required by Medavie Blue Cross (attached). Medavie Blue Cross will then verify with the Midwifery Regulatory Council that the midwife has a valid licence in the province before adding the midwife to the MSI provider file.

Adopted by the MRC on July 2, 2009
